Dear Member,

The Board of Managers has established a policy regarding ownership of Show Me Ethanol, LLC in an effort to protect the membership interests of the Company from undesirable transfers and from running into any potential SEC registration requirements.

Please be aware that the policy does not allow for individual membership interest to fall below .07924% economic ownership. This is equivalent to the initial investment of 2 units (\$30,000).

A Member may not assign interests (economic or otherwise), and the Board will not consent to any proposed transfer, to a person if the proposed recipient would hold (after the transfer) ownership interest in the Company of less than 0.07924%.

For example, if a Member originally purchased 4 units (.15849% economic ownership) and wishes to transfer the ownership, it can be split in two equal parts of .07924% each, but not any further. The minimum ownership must be maintained.

Please feel free to contact me with any questions or concerns about this matter.

Sincerely,

Richard Hanson
General Manager
